

SUTTON VALENCE SCHOOL
SINCE 1576

Online Safety Policy

(Prep School and Senior School)

Authors: Ms Lauren Austen, Mr Craig Worcester, Mr Glen Millbery, Mr James Watkins

Policy Date: September 2026

Approval Date by Governors: November 2026

Review Date: September 2027

This policy will be reviewed at least annually. It will also be revised following any concerns and/or updates to national and Kent Safeguarding Children Multi-Agency Partnership (KSCMP) guidance or procedures

1. Policy Aims

This online safety policy has been written by Sutton Valence School, building on the Kent County Council (KCC) online safety policy template, with specialist advice and input as required.

It takes into account the DfE statutory guidance Keeping Children Safe in Education 2026, The updated guidance as to how to deal and KSCMP procedures.

The purpose of Sutton Valence School's online safety policy is to:

- Safeguard and protect all members of Sutton Valence School community online;
- Identify approaches to educate and raise awareness of online safety throughout the community;
- Enable all staff to work safely and responsibly, to role model positive behaviour online and to manage professional standards and practice when using technology;
- Identify clear procedures to use when responding to online safety concerns.

Sutton Valence School identifies that the issues classified within online safety are considerable, but can be broadly categorised into three areas of risk:

- **Content:** being exposed to illegal, inappropriate or harmful material;
- **Contact:** being subjected to harmful online interaction with other users;
- **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm;
- **Commerce:** being unaware of hidden costs and advertising in apps, games and websites.

The School recognises the increasing role of artificial intelligence (AI) technologies in children's lives. Online safety arrangements will consider risks associated with generative AI, including AI chatbots, deepfakes, AI-generated imagery, impersonation, misinformation and AI-enabled abuse.

2. Policy Scope

Sutton Valence School believes that online safety is an essential part of safeguarding and acknowledges its duty to ensure that all pupils and staff are protected from potential harm online.

Sutton Valence School identifies that the internet and associated devices, such as computers, tablets, mobile phones and games consoles, are an important part of everyday life.

Sutton Valence School believes that pupils should be empowered to develop strategies to manage and respond to risk online.

This policy applies to all staff including the governing body, teachers, support staff, external contractors, visitors, volunteers and other individuals who work for, or provide services on behalf of the School (collectively referred to as 'staff' in this policy) as well as pupils and parents/carers.

This policy applies to all access to the internet and use of technology, including personal devices, or where pupils, staff or other individuals have been provided with School-issued devices for use off-site, such as a work laptops, tablets or mobile phones.

2.1 Links with other policies and practices

This policy must be read in conjunction with other relevant School policies, including (but not limited to):

- Anti-bullying Policy;
- Acceptable Use Policies (AUP)
- Staff Code of Conduct;
- Code of Conduct;
- Safeguarding Policy;
- Data Security;
- Image Use Policy.

3. Monitoring and Review

- Sutton Valence School will review this policy at least annually.
- As per KCSIE 2026, The Designated Safeguarding Leads will take lead responsibility for safeguarding and child protection (including online safety and understanding the filtering and monitoring systems and processes in place) with support from Deputy Designated Safeguarding Leads (DDSLs) and the IT Support and Management Team.
- The policy will also be revised following any national or KSCMP policy requirements, any child protection concerns or any changes to the technical infrastructure.
- We will ensure that we regularly monitor internet use and evaluate online safety mechanisms to ensure that this policy is consistently applied.
- To ensure they have oversight of online safety, the Headmaster and/or Head of Prep School/Head of Senior School will be informed of online safety concerns, as appropriate.
- The named governors for safeguarding will report on a regular basis to the governing body on online safety incidents, including outcomes.
- Any issues identified will be incorporated into the School's action planning.

4. Roles and Responsibilities

- Ms Lauren Austen is the Designated Safeguarding Lead at the Senior School and Mr James Watkins is the Designated Safeguarding Lead at the Prep School. Both sites have several DDSLs who support the DSL.
- Sutton Valence School recognises that all members of the community have important roles and responsibilities to play with regards to online safety. Each year, every member of teaching staff will receive appropriate safeguarding and child protection training (including online safety which includes an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring).

4.1 The leadership and management team will:

- Ensure that online safety is viewed as a safeguarding issue and that practice is in line with national and KSCMP recommendations and requirements;
- Ensure there are appropriate and up-to-date policies regarding online safety, including a code of conduct and/or an AUP, which covers acceptable use of technology;

- Ensure that suitable and appropriate filtering and monitoring systems are in place;
- Work with technical staff to monitor the safety and security of School systems and networks;
- Ensure that online safety is embedded within a progressive whole School curriculum, which enables all pupils to develop an age-appropriate understanding of online safety;
- Support the Designated Safeguarding Lead by ensuring they have sufficient time and resources to fulfil their online safety responsibilities;
- Ensure there are robust reporting channels for the School community to access regarding online safety concerns, including internal, KSCMP and national support;
- Ensure that appropriate risk assessments are undertaken regarding the safe use of technology. Audit and evaluate online safety practice to identify strengths and areas for improvement.

4.2 The Designated Safeguarding Lead (DSL) will:

- Act as a named point of contact on all online safeguarding issues and liaise with other members of staff or other agencies, as appropriate;
- Maintain an understanding of safeguarding risks associated with emerging technologies, including artificial intelligence, and ensure that policies, training and procedures remain effective in addressing these risks;
- Ensure all members of staff receive regular, up-to-date and appropriate online safety training;
- Work with staff to coordinate participation in local and national events to promote positive online behaviour, such as ‘Safer Internet Day’;
- Ensure that online safety is promoted to parents, carers and the wider community through a variety of channels and approaches;
- Maintain records of online safety concerns, as well as actions taken, as part of the School’s safeguarding recording mechanisms;
- Monitor online safety incidents to identify gaps and trends and use this data to update the education response, policies and procedures;
- Report online safety concerns, as appropriate, to the management team and governing body;
- Work with the leadership team to review and update online safety policies on a regular basis (at least annually) with stakeholder input;
- Meet regularly at least termly with the governor with a lead responsibility for safeguarding;
- Delegate appropriate tasks and responsibilities with regards to online safety to DDSLs.

4.3 It is the responsibility of all members of staff to:

- Read and adhere to the online safety policy and AUPs;
- Take responsibility for the security of School systems and the data they use, or have access to;
- Model good practice when using technology and maintain a professional level of conduct in their personal use of technology, both on and off site;
- Embed online safety education in curriculum delivery, wherever possible;
- Have an awareness of a range of online safety issues and how they may be experienced by the children in their care;
- Identify online safety concerns and take appropriate action by following the School’s safeguarding policies and procedures;
- Know when and how to escalate online safety issues, including signposting to appropriate support, internally and externally;
- Take personal responsibility for professional development in this area.

4.4 It is the responsibility of staff managing the technical environment to:

- Provide technical support and perspective to the DSL and leadership team, especially in the development and implementation of appropriate online safety policies and procedures;
- Implement appropriate security measures (including password policies and encryption) to ensure that the School's IT infrastructure/system is secure and not open to misuse or malicious attack, whilst allowing learning opportunities to be maximised;
- Ensure that the School's filtering policy is applied and updated on a regular basis; responsibility for its implementation is shared with the leadership team;
- Report any filtering breaches to the relevant DSL, DDSL and leadership team, as well as the School's internet service provider or other services, as appropriate;
- Ensure that any safeguarding concerns identified through monitoring or filtering breaches are reported to the relevant DSL, in accordance with the School's safeguarding procedures.

4.5 It is the responsibility of pupils (at a level that is appropriate to their individual age, ability and vulnerabilities) to:

- Engage in age-appropriate online safety education opportunities;
- Contribute to the development of online safety policies;
- Read and adhere to the School AUPs;
- Respect the feelings and rights of others both on and offline;
- Take responsibility for keeping themselves and others safe online;
- Seek help from a trusted adult if there is a concern online and support others that may be experiencing online safety issues.

4.6 It is the responsibility of parents and carers to:

- Read the School AUPs and encourage their children to adhere to them;
- Support the School in their online safety approaches by discussing online safety issues with their children and reinforce appropriate, safe online behaviours at home;
- Role model safe and appropriate use of technology and social media;
- Abide by the School's home-School agreement and/or AUPs. Identify changes in behaviour that could indicate that their child is at risk of harm online;
- Seek help and support from the School, or other appropriate agencies, if they or their child encounter risk or concerns online;
- Contribute to the development of the School online safety policies;
- Use School systems, such as learning platforms and other network resources, safely and appropriately;
- Take responsibility for their own awareness in relation to the risks and opportunities posed by new and emerging technologies.

5. Education and Engagement Approaches

5.1 Education and engagement with pupils

The School will establish and embed a progressive online safety curriculum throughout the whole School, to raise awareness and promote safe and responsible internet use amongst pupils by:

- Ensuring education regarding safe and responsible use precedes internet access;
- Including online safety in the PSHE and computing curricula, covering use both at School and home;
- Reinforcing online safety messages whenever technology or the internet is in use;

- Educating pupils in the effective use of the internet to research, including the skills of knowledge location, retrieval and evaluation;
- Teaching pupils to be critically aware of the materials they read and shown how to validate information before accepting its accuracy.
- In an age-appropriate way, pupils will be taught to evaluate AI-generated content critically, understand the risks associated with deepfakes, manipulated media and AI-enabled misinformation, and recognise how AI tools may be used positively, responsibly and safely.

The School will support pupils to read and understand the AUP in a way that suits their age and ability by:

- Displaying acceptable use posters in all classrooms with internet access;
- Informing pupils that network and internet use will be monitored for safety and security purposes and in accordance with legislation;
- Rewarding positive use of technology by pupils;
- Implementing, where appropriate, peer education approaches;
- Seeking pupil voice when writing and developing school online safety policies and practices, including curriculum development and implementation;
- Using support, such as external visitors, where appropriate, to complement and support the School's internal online safety education approaches.

5.1.1 Vulnerable Pupils

- Sutton Valence School is aware that some pupils are considered to be more vulnerable online due to a range of factors. This may include, but is not limited to children in care, children with Special Educational Needs and Disabilities (SEND) or mental health needs, children with English as an additional language (EAL) and children experiencing trauma or loss;
- Sutton Valence School will ensure that differentiated and ability appropriate online safety education, access and support is provided to vulnerable pupils;
- Sutton Valence School will seek input from specialist staff as appropriate, including the relevant Head of Learning Support and relevant Head of EAL.

5.2 Training and engagement with staff

The School will:

- Provide and discuss the online safety policy with all members of staff as part of induction;
- Provide up-to-date and appropriate online safety training for all staff on a regular basis, with at least annual updates. This forms part of our existing safeguarding and child protection training.
- Staff training will include emerging online safety risks, including artificial intelligence, deepfakes, AI-generated content, online misogyny, misinformation and image-based abuse.
- Make staff aware that School systems are monitored and activity can be traced to individual users; staff will be reminded to behave professionally and in accordance with School's policies when accessing School systems and devices;
- Make staff aware that their online conduct out of School, including personal use of social media, could have an impact on their professional role and reputation within School;
- Highlight useful educational resources and tools that staff should use, according to the age and ability of the pupils;
- Ensure all members of staff are aware of the procedures to follow regarding online safety concerns affecting pupils, colleagues or other members of the School community.

5.3 Awareness and engagement with parents and carers

Sutton Valence School recognises that parents and carers have an essential role to play in enabling children to become safe and responsible users of the internet and associated technologies.

The School will build a partnership approach to online safety with parents and carers by:

- Providing information and guidance on online safety in a variety of formats. This will include offering specific online safety awareness training and highlighting online safety at other events such as parent evenings, transition events, fetes and sports days;
- Drawing their attention to the School online safety policy and expectations in newsletters, letters, our prospectus and on our website;
- Requesting that they read online safety information as part of joining our School, for example, within our home School agreement;
- Requiring them to read the School AUP and discuss its implications with their children.

6. Reducing Online Risks

Sutton Valence School recognises that the internet is a constantly changing environment with new apps, devices, websites and material emerging at a rapid pace. We will:

- Regularly review the methods used to identify, assess and minimise online risks;
- Examine emerging technologies for educational benefit and undertake appropriate risk assessments before use in School is permitted;
- Ensure that appropriate filtering and monitoring is in place and take all reasonable precautions to ensure that users can only access appropriate material;
- Follow up any concerning 'flags' generated through the filtering and monitoring system via the pastoral and safeguarding teams.
- Due to the global and connected nature of the internet, it is not possible to guarantee that unsuitable material cannot be accessed via a School computer or device.

The School will assess and review risks associated with emerging technologies, including artificial intelligence tools. Risk assessments will consider the potential safeguarding implications of AI-generated content, deepfakes, nudification applications, misinformation, online manipulation and AI-facilitated bullying, harassment or exploitation.

All members of the School community are made aware of the School's expectations regarding safe and appropriate behaviour online and the importance of not posting any content, comments, images or videos which could cause harm, distress or offence to members of the community. This is clearly outlined in the School's AUP and highlighted through a variety of education and training approaches.

7. Safer Use of Technology

7.1 Classroom Use

Sutton Valence School uses a wide range of technology. This includes, but is not limited to:

- Computers, laptops, tablets and other digital devices;
- Internet which may include search engines and educational websites;
- School learning platform/intranet;
- Email;
- Digital cameras, web cams and video cameras.

All School-owned devices will be used in accordance with the School's AUP and with appropriate safety and security measures in place. These include:

- Content filtering system that users are required to authenticate against, this records the user and the websites they have accessed;
- Monitoring software which will identify keyword inputs relating to a range of safeguarding categories;
- School owned devices are managed by a Mobile Device Management platform for the installation of apps, settings and restrictions. With shared classroom iPads, the content is filtered but they do not identify individual users, this is done by the classroom teacher;
- School laptops are managed by a Mobile Device Management platform for the installation of apps, settings and restrictions. Users log on and authenticate against Active Directory and the filtering and monitoring systems;
- School owned devices are encrypted;
- When a device accesses the School system, the system identifies the device and its general location on the School site.

Members of staff will always evaluate websites, tools and apps fully before use in the classroom or recommending for use at home.

The School will use age-appropriate search tools. All search engines accessed whilst connected to the School network are appropriately filtered and monitored.

The School will ensure that the use of internet-derived materials, by staff and pupils, complies with copyright law and acknowledge the source of information.

Supervision of pupils will be appropriate to their age and ability:

Key Stage 3, 4 and 5

- Pupils will be appropriately supervised when using technology, according to their ability and understanding.

Boarding Pupils

- The School will balance children's ability to take part in age-appropriate peer activities online, with the need to detect and prevent abuse, bullying or unsafe practice by children in accordance with the national minimum standards (NMS). The DSL and Network Manager meet at least annually to review the filtering and monitoring policies and timings to ensure this balance is maintained.

7.2 Use of non-school owned devices

The School recognises that pupils, staff and visitors may use personal or non-school owned devices to access the School's wireless network where this has been authorised.

Where non-school owned devices connect to the School's wireless network, internet access will be subject to the School's filtering systems. The level of filtering applied will be appropriate to the user's access permissions and user group. However, certain online services which require encrypted traffic inspection, such as search engines, video-sharing platforms and other web services identified by the School, require the installation of the School's filtering certificate.

Where a non-school owned device does not have the required filtering certificate installed, access to services requiring decryption and inspection will be blocked. This is to ensure that the School can apply appropriate filtering measures and fulfil its safeguarding responsibilities.

Monitoring of non-school owned devices

The School does not undertake technical monitoring of non-school owned devices. Monitoring software is not installed on personal devices, and the School does not routinely monitor activity conducted on such devices.

Where non-school owned devices are used on the School site or during supervised educational activities, oversight will be provided through appropriate staff supervision, classroom management and visual observation. Any concerns identified through this supervision will be responded to in accordance with the School's Safeguarding Policy, Staff Behaviour Policy, Code of Conduct, Acceptable Use Policy and other relevant procedures.

Users should be aware that, while technical monitoring is not undertaken on non-school owned devices, all users remain subject to the School's expectations regarding safe, appropriate and responsible use of technology when connected to School systems or networks.

The School's filtering arrangements for non-school owned devices are therefore more limited than those applied to School-managed devices, as technical monitoring and device-level controls cannot be applied to personal devices. Consequently, staff supervision, acceptable use expectations and safeguarding education remain essential elements of the School's approach to managing risk associated with personal device use.

Managing Internet Access

- The School maintains its user database based on the school roll, or employment status and these users are granted access to the School's devices and systems;
- All staff, pupils and visitors will read an AUP before being given access to the School computer system, IT resources or internet. For example, guest users can only access the internet when they use the guest Wi-Fi code they are given and an AUP to agree to.

7.3 Filtering and Monitoring

7.3.1 Decision Making

- Sutton Valence School governors and leaders have ensured that the School has age and ability appropriate filtering and monitoring in place to limit children's exposure to online risks;
- The governors and leaders are aware of the need to prevent "over blocking", as that may unreasonably restrict what children can be taught, with regards to online activities and safeguarding;
- The School's decision regarding filtering and monitoring has been informed by a risk assessment, taking into account our School's specific needs and circumstances;
- Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the leadership team; all changes to the filtering policy are logged and recorded;
- The effectiveness of filtering and monitoring systems will be formally reviewed at least annually. Reviews will be led by the senior leader responsible for filtering and monitoring, who is also the DSL, with support from IT staff.
- Findings and actions arising from reviews will be reported to Governors and recorded appropriately.
- All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard pupils; effective classroom management and regular education about safe and responsible use is essential.

7.3.2 Filtering

- The School uses educational broadband connectivity through Coconnect Ltd.

- The School uses Smoothwall, which blocks sites that can be categorised as: pornography, racial hatred, extremism, gaming and sites of an illegal nature. Consequently, the School filtering system blocks all sites on the [Internet Watch Foundation](#) (IWF) list.
- The School works with Coconnect and Smoothwall to ensure that its filtering policy is continually reviewed.

Dealing with filtering breaches

The School has a clear procedure for reporting filtering breaches.

- If pupils or staff discover unsuitable sites, they will be required to turn off monitor/screen and report the concern immediately (either to a member of staff or through the Safeguarding Policy self-referral process);
- The member of staff will report the concern (including the URL of the site if possible) to the Designated Safeguarding Lead, DDSLs and/or technical staff;
- The breach will be recorded and escalated as appropriate;
- Parents/carers will be informed of filtering breaches involving their child;
- Any material that the School believes is illegal will be reported immediately to the appropriate agencies, such as IWF, Kent Police or CEOP.

7.3.3 Monitoring

The School will appropriately monitor internet use on all School-owned or provided internet enabled devices. This is achieved by:

- In a lesson, the teacher can view the pupils' screens and see what is being searched and accessed via physical monitoring of the classroom;
- When a pupil logs onto the system their internet history is recorded and can be searched;
- Reports are generated daily and sent to the DSL for analysis;
- The School has a clear procedure for responding to concerns identified via monitoring approaches. The DSL, DDSLs and/or the Heads are informed of such concerns and they respond in line with the Safeguarding Policy;
- The School installs monitoring and filtering software on all School-owned devices that tracks use when in school and at home.

The School will appropriately filter internet use and monitor computer use on all 'Bring Your Own' internet enabled devices. This is achieved by:

- Physical monitoring in a lesson, the teacher can view the pupils' screens and see what is being accessed;
- Through filtering – when connected to the School WiFi – internet history on the School WiFi is recorded and can be searched;
- Filtering reports are generated daily and sent to the DSL for analysis;
- The School has a clear procedure for responding to concerns identified via filtering and physical monitoring approaches. The DSL, DDSLs and/or the Heads are informed of such concerns and they respond in line with the Safeguarding Policy;
- All users will be informed that use of School systems can be monitored and that all monitoring will be in line with data protection, human rights and privacy legislation.

7.4 Managing Personal Data Online

- Personal data will be recorded, processed, transferred and made available online in accordance with the Data Protection Act 2018. Full information can be found in the School's Data Transfer Policy, Electronic Communications Policy, Information Security Policy and Data Protection Policy.

7.5 Security and Management of Information Systems

The School takes appropriate steps to ensure the security of our information systems, including:

- Virus protection being updated regularly;
- Encryption for personal data sent over the internet or taken off site (such as via portable media storage) or access via appropriate secure remote access systems;
- Not using portable media without specific permission; portable media will be checked by an anti-virus/malware scan before use;
- Not downloading unapproved software to work devices or opening unfamiliar email attachments;
- Regularly checking files held on the School's network;
- The appropriate use of user logins and passwords to access the School network;
- Specific user logins and passwords will be enforced for all but the youngest users;
- All users are expected to log off or lock their screens/devices if systems are unattended.

7.5.1 Password Policy

All members of staff will have their own unique username and private passwords to access School systems. Members of staff are responsible for keeping their password private.

All pupils are provided with their own unique username and private passwords to access School systems. Pupils are responsible for keeping their password private.

We require all users to:

- Use age-appropriate and increasingly strong passwords for access into our system;
- Users are only required to change their password if they suspect someone knows it or may have gained it by unauthorised means;
- Always keep their password private; users must not share it with others (there may be occasions where young pupils at the Prep School will need access to the School system. In this instance, the username and password will be given to an identifiable parent of the pupil (one of the parental contact details stored in iSAMS) and the parent will be expected to follow the user responsibilities) or leave it where others can find it;
- Not to login as another user at any time.

7.6 Managing the Safety of the School Website

- The School will ensure that information posted on our website meets the requirements as identified by the Department for Education (DfE) and the Independent Schools Inspectorate;
- The School will ensure that our website complies with guidelines for publications including: accessibility; data protection; respect for intellectual property rights; privacy policies and copyright;

- Staff or pupils' personal contact details will not be published on our website, although personal information in their working role may be shared; the personal details on the website will be the School address, email and telephone number and the name of the employee, staff email addresses and telephone number and may include images of the employee.
- The administrator account for the School website will be secured with an appropriately strong password;
- The School will post appropriate information about safeguarding, including online safety, on the School website for members of the community.
- The School carefully considers the publication of pupil images online and the potential misuse of publicly available images through artificial intelligence and image manipulation technologies.

7.7 Publishing Images and Videos Online

- The School will ensure that all images and videos shared online are used in accordance with the associated policies, including (but not limited to): the Data Protection Act 2018, the Image Use policy, Data Security, AUPs, Codes of Conduct, Social Media and Use of Personal Devices and Mobile Phones.

7.8 Managing Email

Access to School email systems will always take place in accordance with data protection legislation and in line with other School policies, including Confidentiality, AUPs and Code of Conduct:

- The forwarding of any chain messages/emails is not permitted. Spam or junk mail will be blocked and reported to the email provider;
- Any internal electronic communication which contains sensitive or personal information will only be sent using secure and encrypted email;
- School email addresses and other official contact details will not be used for setting up personal social media accounts;
- Members of the School community are encouraged to tell a member of staff immediately if they receive offensive communication. This will be recorded in the School safeguarding files/records;
- The Senior School uses Whisper for reporting academic, wellbeing and pastoral issues. This inbox will be managed by appropriate members of the Safeguarding and Senior Management Team.

7.8.1 Staff

- The use of personal email addresses by staff for any official School business is not permitted;
- All members of staff are provided with a specific School email address to use for all official communication;
- Members of staff are encouraged to have an appropriate work life balance when responding to email, especially if communication is taking place between staff and pupils and parents.

7.8.2 Pupils

- Pupils will use School-provided email accounts for educational purposes;
- Pupils will read an AUP and will receive education regarding safe and appropriate email etiquette before access is permitted; Whole-class or group email addresses may be used.

7.9 Management of Applications (apps) used to Record Children's Progress

- The School uses iSAMS to track pupils' progress and share appropriate information with parents and carers. However, departments also use online apps such as Atom Learning, Kerboodle, GL Assessment, MyMaths, Linguascope etc. which records attainment/progress.
- The Headmaster is ultimately responsible for the security of any data or images held of children. As such, they will ensure that the use of tracking systems is appropriately risk assessed prior to use, and that they are used in accordance with data protection legislation in order to safeguard pupils' data.

8. Social Media

8.1 Expectations

- The expectations regarding safe and responsible use of social media applies to all members of the Sutton Valence School community;
- The term 'social media' may include (but is not limited to): blogs; wikis; social networking sites; forums; bulletin boards; online gaming; apps; video and image sharing sites; chatrooms and instant messenger;
- All members of the Sutton Valence School community, if and when choosing to use social media, are expected to engage in a positive, safe and responsible manner, at all times;
- All members of the Sutton Valence School community are advised not to publish specific and detailed private thoughts, concerns, pictures or messages on any social media services, especially content that may be considered threatening, hurtful or defamatory to others;
- Concerns regarding the online conduct of any member of the Sutton Valence School community on social media should be reported to the School and will be managed in accordance with our Anti-bullying, Allegations Against Staff, Behaviour and Safeguarding policies.

8.2 Staff Personal Use of Social Media (excluding Governors)

- The safe and responsible use of social networking, social media and personal publishing sites will be discussed with all members of staff as part of staff induction and will be revisited and communicated via regular staff training opportunities;
- Safe and professional behaviour will be outlined for all members of staff (including volunteers) as part of the School Code of Conduct within the AUP.

Reputation

- All members of staff are advised that their online conduct on social media can have an impact on their role and reputation within School. Civil, legal or disciplinary action may be taken if they are found to bring the profession or institution into disrepute, or if something is felt to have undermined confidence in their professional abilities;
- All members of staff are advised to safeguard themselves and their privacy when using social media sites. Advice will be provided to staff via staff training and by sharing appropriate guidance and resources on a regular basis. This will include (but is not limited to):
 - Setting the privacy levels of their personal sites as strictly as they can;
 - Being aware of location sharing services;
 - Opting out of public listings on social networking sites;
 - Logging out of accounts after use;
 - Keeping passwords safe and confidential;
 - Ensuring staff do not represent their personal views as that of the School.

- Members of staff are encouraged not to identify themselves as employees of Sutton Valence School on their personal social networking accounts. This is to prevent information on these sites from being linked with the School and also to safeguard the privacy of staff members. However, for social media sites or applications which are intended to be professionally based, such as LinkedIn or professional networking forums, staff are permitted to state that they work at the School, and the capacity of their employment. Before doing so, they should consider if this is relevant or necessary, and if there are any professional or reputational implications of doing so for either themselves or the School. They must not post any images of the School, comments, students' work, photographs or similar; they are though able to re-share aspects from official SVS accounts.
- All members of staff are encouraged to consider the information carefully, including text and images, that they share and post online and to ensure that their social media use is compatible with their professional role and is in accordance with School's policies and the wider professional and legal framework;
- Information and content that staff members have access to as part of their employment, including photos and personal information about pupils and their family members or colleagues, will not be shared or discussed on social media sites;
- Members of staff will notify the Leadership Team immediately if they consider that any content shared on social media sites conflicts with their role in the School.

Communicating with pupils and parents and carers

- All members of staff are advised not to communicate with, or add as 'friends', any current or past pupils on social media channels. There will be circumstances that necessitate continued communication with former Upper Sixth pupils once they have left school. Such communication should occur through the official SVS system;
- Any pre-existing relationships or exceptions that may compromise this will be discussed with Designated Safeguarding Lead and/or the Headmaster and/or Heads of School.
- If ongoing contact with pupils is required once they have left the School roll, members of staff will be expected to use existing alumni networks or use official School-provided communication tools;
- Staff will not use personal social media accounts to make contact with pupils or parents, nor should any contact be accepted, except in circumstance whereby prior approval has been given by the Headmaster;
- Any communication from pupils and parents received on personal social media accounts will be reported to the School's Designated Safeguarding Leads.

8.3 Pupils' Personal Use of Social Media

- Safe and appropriate use of social media will be taught to pupils as part of an embedded and progressive education approach, via age-appropriate sites and resources;
- The School is aware that many popular social media sites state that they are not for children under the age of 13
- Any concerns regarding pupils' use of social media, both at home and at School, will be dealt with in accordance with existing School policies, including Anti-bullying, Behaviour and Safeguarding. Concerns will also be raised with parents/carers as appropriate, particularly when concerning underage use of social media sites or tools;
- Pupils will be advised:
 - To consider the benefits and risks of sharing personal details on social media sites which could identify them and/or their location. Examples would include real/full name, address, mobile or landline phone numbers, school attended, other social media contact details, email addresses, full names of friends/family, specific interests and clubs;

- To only approve and invite known friends on social media sites and to deny access to others by making profiles private/protected;
- Not to meet any online friends without a parent/carer or other responsible adult's permission and only when a trusted adult is present;
- To use safe passwords;
- To use social media sites which are appropriate for their age and abilities;
- How to block and report unwanted communications and report concerns both within School and externally.

8.4 Official Use of Social Media

Sutton Valence School's official social media channels are Facebook, Instagram, YouTube and LinkedIn.

- The official use of social media sites, by the School, only takes place with clear educational or community engagement objectives, with specific intended outcomes;
- The official use of social media as a communication tool has been formally risk assessed and approved by the Headmaster;
- Key staff have access to account information and login details for the social media channels, in case of emergency, such as staff absence;
- Official School social media channels have been set up as distinct and dedicated social media sites or accounts for educational or engagement purposes only;
- Staff use School-provided email addresses, where possible, to register for and manage any official School social media channels;
- Official social media sites are suitably protected and, where possible, run and/or linked to/from the School website;
- Public communications on behalf of the School will, where appropriate and possible, be read and agreed by at least one other colleague;
- Official social media use will be conducted in line with existing policies, including: Anti-bullying, Image Use, Data Protection, Confidentiality and Safeguarding.
- All communication on official social media platforms will be clear, transparent and open to scrutiny;
- Parents, carers and pupils will be informed of any official social media use, along with expectations for safe use and action taken to safeguard the community;
- Social media tools which have been risk assessed and approved as suitable for educational purposes will be used;
- Any official social media activity involving pupils will be moderated by the School where possible;
- Parents and carers will be informed of any official social media use with pupils and written parental consent will be obtained, as required;
- The School will avoid using social media channels in an exclusive fashion.

Staff expectations

- Members of staff who follow and/or like the School social media channels will be advised to use dedicated professional accounts, where possible, to avoid blurring professional boundaries;
- If members of staff are participating in online social media activity as part of their capacity as an employee of the School, they will:
 - Sign the School's Social media acceptable use policy which sits within the Staff Handbook;
 - Be professional at all times and aware that they are an ambassador for the School;
 - Disclose their official role and/or position, but make it clear that they do not necessarily speak on behalf of the School;
 - Be responsible, credible, fair and honest at all times and consider how the information being published could be perceived or shared;

- Always act within the legal frameworks they would adhere to within the workplace, including: libel, defamation, confidentiality, copyright, data protection and equalities laws;
- Ensure that they have appropriate written consent before posting images on the official social media channel;
- Not disclose information, make commitments or engage in activities on behalf of the School unless they are authorised to do so;
- Not engage with any direct or private messaging with current, or past, pupils, parents and carers;
- Inform their line manager, the Designated Safeguarding Lead and/or the Headmaster / Heads of School of any concerns, such as criticism, inappropriate content or contact from pupils.

9. Use of Personal Devices and Mobile Phones

Sutton Valence School recognises that personal communication through mobile devices and digital technologies is an established part of modern life. The School places clear expectations on the use of such technologies and restricts pupil access to mobile phones during the school day in order to promote learning, wellbeing, safety and positive relationships.

9.1 Expectations

- All use of personal devices and mobile phones will take place in accordance with the law and other appropriate School policies, including, but not limited to: Anti-bullying, Behaviour, Child Protection and the Staff Handbook;
- Electronic devices of any kind that are brought onto site are the responsibility of the user at all times.
- All members of the Sutton Valence School community are advised to take steps to protect their mobile phones or devices from loss, theft or damage; the School accepts no responsibility for the loss, theft or damage of such items;
- All members of the Sutton Valence School community are advised to use passwords/pin numbers to ensure that unauthorised calls or actions cannot be made on their phones or devices; passwords and pin numbers should be kept confidential and mobile phones and personal devices should not be shared;
- On the Prep site, pupil devices must always be handed in to the School Office at the start of the day. On the Senior site, mobile phones must not be used by First to Fifth Form pupils during the School day, including during lessons, tutor periods, breaktimes, lunchtimes or whilst moving around the School site. Any mobile phone brought into School must be switched off, stored securely and kept entirely out of sight between 8.25am and 4.50pm. Exceptions apply only where specific permission has been granted by a member of staff or where arrangements are in place for Sixth Form or boarding pupils. Details of these expectations can be found in the School's Mobile Phone Policy.
- The sending of abusive or inappropriate messages/content via mobile phones or personal devices is forbidden by any member of the community; any breaches will be dealt with as part of our Behaviour policy;
- All members of Sutton Valence School community are advised to ensure that their mobile phones and personal devices do not contain any content which may be considered to be illegal, offensive, derogatory or would otherwise contravene the School Behaviour or Safeguarding policies.

9.2 Staff Use of Personal Devices, Mobile Phones and Smart Devices

Members of staff will ensure that use of personal phones and devices takes place in accordance with the law, as well as, relevant School policy and procedures, such as: Confidentiality, Child protection, Data Security and Acceptable Use.

Staff will be advised to:

- Keep mobile phones and personal devices in a safe and secure place;
- Staff should not use personal mobile phones for personal reasons in the presence of pupils during the School day, except where necessary for legitimate professional purposes (except in Early Years where even this proviso does not apply) or in an emergency;
- Staff working with EYFS children will keep their mobile phones in the classroom cupboard during the working day. The only time they may be removed from the cupboard is when a member of staff is on a playtime duty. In this instance, the phone is only to be used for the purpose of contacting the School office or the emergency services, should they be required.
- Ensure that Bluetooth or other forms of communication (such as 'airdrop') are hidden or disabled during lesson times;
- Not use personal devices during teaching periods, unless written permission has been given by the Headmaster such as in emergency circumstances (the need to use Two-Factor Authentication would be deemed an emergency without the need for written permission);
- Ensure that any content brought onto site via mobile phones and personal devices are compatible with their professional role and expectations.

Members of staff are not permitted to contact pupils and not usually permitted to contact parents and carers using personal email accounts or telephone numbers, although there will be some valid exceptions such as when parents and staff members with children at the school become friends through their children. Any pre-existing relationships will be discussed with the Designated Safeguarding Lead and/or Headmaster and/or Heads of School.

Staff will not use personal devices, such as mobile phones, tablets or cameras:

- To take photos or videos of pupils and will only use work-provided equipment for this purpose;
- To work directly when in the presence of pupils and will only use work-provided equipment during lessons/educational activities.

If a member of staff breaches the School policy, action may be taken in line with school policies.

If a member of staff is thought to have illegal content saved or stored on a mobile phone or personal device or have committed a criminal offence, the police will be contacted.

9.3 Pupils' Use of Personal Devices and Mobile Phones

- Sutton Valence School operates as a mobile phone-free environment throughout the School day to support pupils' learning, wellbeing, concentration, social interaction and engagement with the School community. Mobile phones, smartwatches with messaging or data functionality, smart glasses and other wearable technologies with similar functionality must not be used during lessons, tutor periods, movement between lessons, breaktimes or lunchtime unless a specific exception has been authorised by the School.
- Pupils will be educated regarding the safe, responsible and appropriate use of personal devices and mobile phones and will be made aware of the School's expectations, boundaries and consequences regarding their use.
- In the Prep School, all devices must be stored with the School Office during the school day;
- In the Senior School, parents may choose from the following options:

- their child bringing no mobile phone to School;
 - their child bringing a basic mobile ("brick") phone;
 - their child bringing a smartphone using the School-approved management system (currently the Blackout App) in accordance with School requirements.
- The School may undertake spot checks to verify compliance with its mobile phone requirements, including arrangements relating to School-approved management systems. Such checks may be conducted by Form Tutors, pastoral staff or other authorised members of staff.
 - All Senior School First to Fifth Form pupils who bring a mobile phone onto the School site must ensure it is switched off, stored securely and entirely out of sight between 8.25am and 4.50pm. Phones may not be used during lessons, tutor periods, breaktimes, lunchtimes or whilst moving around the School site.
 - Mobile phones may only be accessed before 8.25am and after 4.50pm unless specific authorisation has been given by a member of staff for an exceptional reason.
 - Sixth Form pupils may use mobile phones only in designated Sixth Form areas and only at times authorised by the School. Mobile phones must not be visible to or used around younger pupils.
 - Boarding pupils may access mobile phones at authorised times in accordance with boarding procedures, taking into account communication with families and different international time zones.
 - If a pupil needs to contact a parent or carer during the School day, they should do so via Reception, their House Team or another appropriate member of staff. Likewise, parents and carers who need to contact their child during the School day should do so through the School.
 - The School recognises that, in exceptional circumstances, access to a mobile phone may be required to support a pupil's disability, medical condition or other identified need. Any such arrangements will be considered on an individual basis and documented appropriately. These adjustments do not exempt pupils from all other aspects of the School's mobile phone expectations.
 - Mobile phones and personal devices must not be taken into examinations. Pupils found in possession of a mobile phone or other unauthorised electronic device during an examination will be reported to the relevant examination board and may be subject to sanctions determined by that board.
 - Pupils must not use personal devices to photograph, film or record members of the School community without permission.
 - The sending, receiving, storing or sharing of illegal, inappropriate, abusive, threatening, bullying, discriminatory or sexual content, including AI-generated images, deepfakes and digitally manipulated content, using personal devices is prohibited and will be dealt with in accordance with the Behaviour Policy, Anti-Bullying Policy and Safeguarding Policy.
 - If a pupil breaches the School's mobile phone rules, the device may be confiscated and retained until the end of the School day. Repeated breaches may result in further sanctions in line with the Behaviour Policy and may require a meeting with parents or carers.
 - School staff may confiscate a pupil's mobile phone or device if they reasonably believe it has been used in breach of School rules or may contain evidence relevant to a safeguarding concern, criminal offence or serious breach of School policy.
 - Searches of mobile phones or personal devices will only take place in accordance with statutory guidance, the School's safeguarding procedures and, where appropriate, following consultation with the Police.
 - If there is reason to believe that material on a pupil's device may be illegal or may provide evidence relating to a criminal offence, the device will be secured and handed to the Police for further investigation.
 - Pupils must not create, possess, share or distribute AI-generated images, deepfakes or digitally manipulated material that causes harm, distress, humiliation or reputational

damage to another person. Any use of technology to create, alter or distribute nude or semi-nude images, whether real or AI-generated, will be treated as a serious safeguarding matter and managed in accordance with the School's Safeguarding Policy.

9.4 Visitors' Use of Personal Devices

- The School will ensure appropriate signage and information is displayed/provided to inform parents, carers and visitors of expectations of use. Visitors should keep mobile phones and personal devices out of sight when interacting with pupils unless required for an authorised purpose.
- Members of staff are expected to challenge visitors if they have concerns and will always inform the Designated Safeguarding Leads of any breaches of School policy.

9.5 Officially provided devices

- Members of staff will be issued with a work phone number and email address, where contact with pupils or parents/ carers is required;
- School mobile phones and devices will be suitably protected via a passcode/password/pin and must only be accessed or used by members of staff;
- School mobile phones and devices will always be used in accordance with the Acceptable Use Policy and other relevant policies;
- Where the School requires the use of mobile technology for educational or safeguarding purposes, School-owned devices will be provided or authorised by the School.

10. Responding to Online Safety Incidents and Concerns

- All members of the School community will be made aware of the reporting procedure for online safety concerns, including breaches of filtering, youth-produced sexual imagery (Sharing of nude and semi-nude images), cyberbullying and illegal content;
- All members of the community must respect confidentiality and the need to follow the official School procedures for reporting concerns;
- Pupils, parents and staff will be informed of the School's Complaints Procedure and staff will be made aware of the Whistleblowing Policy;
- The School requires staff, parents, carers and pupils to work in partnership to resolve online safety issues;
- After any investigations are completed, the School will debrief, identify lessons learnt and implement any policy or curriculum changes as required;
- If the School is unsure how to proceed with an incident or concern, the DSL may seek advice from the Education Safeguarding Team;
- Where there is suspicion that illegal activity has taken place, the School will contact the Education Safeguarding Team or Kent Police using 101, or 999 if there is immediate danger or risk of harm;
- If an incident or concern needs to be passed beyond the School community (for example if other local schools are involved or the public may be at risk), the School will speak with Kent Police and/or the Education Safeguarding Team first, to ensure that potential investigations are not compromised.

10.1 Concerns about Pupils' Welfare

- The DSLs and DDSs will be informed of any online safety incidents involving safeguarding or child protection concerns;
- The DSLs and DDSs will record these issues in line with the School's Safeguarding Policy;
- The DSLs and DDSs will ensure that online safety concerns are escalated and reported to relevant agencies in line with KSCMP thresholds and procedures;

- The School will inform parents and carers of any incidents or concerns involving their child, as and when required.

10.2 Staff Misuse

- Any complaint about staff misuse will be referred to the Headmaster and/or Heads of School, according to the Allegations Policy;
- Any allegations regarding a member of staff's online conduct may be discussed with the LADO (Local Authority Designated Officer);
- Appropriate action will be taken in accordance with the Code of Conduct and Staff Behaviour Policy.

11. Procedures for Responding to Specific Online Incidents or Concerns

11.1 Making, Sharing and Possession of Nude and Semi-Nude Images (including AI-generated Images)

- Sutton Valence School recognises the making, sharing and possession of nude and semi-nude images as a safeguarding issue. Therefore, all concerns will be reported to and dealt with by the Designated or Deputy Designated Safeguarding Lead/s;
- The School will follow the current DfE guidance and KSCMP safeguarding procedures when responding to incidents involving nude and semi-nude images;
- For the purposes of this policy, nude and semi-nude images include photographs, videos, livestreamed content, digitally altered images and images generated using artificial intelligence (AI), including deepfakes, face-swaps and "nudification" applications;
- The School recognises that AI-generated intimate images can cause significant harm, distress, humiliation, coercion and abuse, even where no original image existed;
- Sutton Valence School will ensure that all members of the community are made aware of the potential social, emotional, psychological and criminal consequences of associated with the making, sharing or possession of nude and semi-nude images through a range of age-appropriate educational opportunities;
- Pupils will be educated about the risks associated with image-based abuse, including the use of AI tools to create, manipulate or distribute intimate images without consent;
- The School will ensure that all members of the community are aware of sources of support regarding incidents involving nude and semi-nude images.

11.1.1 Responding to Incidents Involving Nude and Semi-Nude Images

If the School is made aware of an incident involving the creation, possession or distribution of nude and semi-nude images, the School will:

- Act in accordance with our Safeguarding Policy and KSCMP safeguarding procedures;
- Immediately notify the Designated Safeguarding Leads and/ or DDSLs;
- Store any device involved securely and prevent further access to the content where possible;
- If an image has been created, shared or accessed using the School network or School devices, take action to block access and isolate the material;
- Carry out a risk assessment which considers any vulnerability, age, understanding and welfare of all pupils involved;
- Inform parents and carers, if appropriate, about the incident and how it is being managed;
- Consider whether the image may be AI-generated, manipulated or digitally altered and assess whether this forms part of wider bullying, sexual harassment, child-on-child abuse, coercive behaviour, exploitation or criminal activity;

- Inform parents or carers where appropriate and in the child's best interests;
- Make referrals to Children's Social Care, the Police or other relevant agencies where required;
- Provide appropriate safeguarding support for all pupils involved;
- Implement proportionate sanctions in line with the School's Behaviour Policies where appropriate while avoiding further harm to any victim;
- Consider the deletion of images in accordance with relevant DfE guidance and advice from partner agencies;
- Review the handling of any incidents to identify any lessons learned and update policy, procedures or education provision where necessary;
- Take action regardless of whether the incident took place on or off the School site and regardless of whether School-owned or personal devices were used.

The School will not:

- View any images unless there is no alternative and there is a clear safeguarding rationale for doing so;
- If viewing is necessary, only the Designated Safeguarding Lead (or an appropriate senior safeguarding lead) will do so, and the rationale will be clearly recorded;
- Send, copy, print, share, save or forward nude or semi-nude images;
- Create, download, share or store AI-generated intimate images or manipulated content unless specifically directed by the Police as part of an investigation;
- Allow or instruct pupils to delete, share, save, send or distribute such content.

11.2 Online Child Sexual Abuse and Exploitation

- Sutton Valence School will ensure that all members of the community are aware of online child sexual abuse, including: exploitation and grooming; the consequences; possible approaches which may be employed by offenders to target children and how to respond to concerns;
- Sutton Valence School recognises online child sexual abuse as a safeguarding issue and, as such, all concerns will be reported to and dealt with by the Designated Safeguarding Lead;
- The School will implement preventative approaches for online child sexual abuse via a range of age and ability appropriate education for pupils, staff and parents/carers;
- The School will ensure that all members of the community are aware of the support available regarding online child sexual abuse, both locally and nationally;
- The School will ensure that the 'Click CEOP' report button is visible and available to pupils and other members of the School community via the intranet.

11.2.1 Dealing with Online Child Sexual Abuse and Exploitation

If the School are made aware of an incident involving online sexual abuse of a child, it will:

- Act in accordance with the School's Safeguarding Policy and the relevant KSCMP procedures;
- Immediately notify the relevant Designated Safeguarding Lead;
- Store any devices involved securely;
- Immediately inform Kent police via 101 (or 999 if a child is at immediate risk);
- Carry out a risk assessment which considers any vulnerabilities of pupil(s) involved (including carrying out relevant checks with other agencies);
- Inform parents/carers about the incident and how it is being managed;
- Make a referral to Specialist Children's Services (if required/ appropriate);
- Provide the necessary safeguards and support for pupils, such as, offering counselling or pastoral support;

- Review the handling of any incidents to ensure that best practice is implemented. The School leadership team will review and update any management procedures, where necessary.

The School will take action regarding online child sexual abuse, regardless of whether the incident took place on or off School premises, using School or personal equipment.

Where possible pupils will be involved in decision making and if appropriate, will be empowered to report concerns such as via the Click CEOP report:

www.ceop.police.uk/safety-centre/

If the School is unclear whether a criminal offence has been committed, the Designated Safeguarding Lead will obtain advice immediately through the Education Safeguarding Team and/or Kent Police.

If the School is made aware of intelligence or information which may relate to child sexual exploitation (on or offline), it will be passed through to the Child Sexual Exploitation Team (CSET) by the Designated Safeguarding Lead.

If pupils at other schools are believed to have been targeted, the School will seek support from Kent Police and/or the Education Safeguarding Team first to ensure that potential investigations are not compromised.

11.3 Indecent Images of Children (IIOC)

- Sutton Valence School will ensure that all members of the community are made aware of the possible consequences of accessing Indecent Images of Children (IIOC);
- The School will take action regarding IIOC on School equipment and/or personal equipment, even if access took place off site;
- The School will take action to prevent accidental access to IIOC by using an internet service provider (ISP) which subscribes to the Internet Watch Foundation block list and by implementing appropriate filtering, firewalls and anti-spam software;
- If the School is unclear if a criminal offence has been committed, the relevant Designated Safeguarding Lead will obtain advice immediately through Kent Police and/or the Education Safeguarding Team.

If made aware of IIOC, the School will:

- Act in accordance with the School's Safeguarding Policy and the relevant KSCMP procedures;
- Immediately notify the relevant Designated Safeguard Lead;
- Store any devices involved securely and prevent deletion of evidence if possible;
- Immediately inform appropriate organisations, such as the Internet Watch Foundation (IWF), Kent police or the LADO.

If made aware that a member of staff or a pupil has been inadvertently exposed to indecent images of children whilst using the internet, the School will:

- Ensure that the relevant Designated Safeguard Lead is informed;
- Ensure that the URLs (webpage addresses) which contain the suspect images are reported to the Internet Watch Foundation via www.iwf.org.uk;
- Ensure that any copies that exist of the image, for example in emails, are deleted;
- Report concerns, as appropriate to parents and carers.

If made aware that indecent images of children have been found on the School devices, the School will:

- Ensure that the relevant Designated Safeguard Lead is informed;
- Ensure that the URLs (webpage addresses) which contain the suspect images are reported to the Internet Watch Foundation via www.iwf.org.uk;
- Ensure that any copies that exist of the image, for example in emails, are deleted as far as reasonably possible, taking advice from external authorities as appropriate;
- Inform the police via 101 (999 if there is an immediate risk of harm) and children's social services (as appropriate);
- Only store copies of images (securely, where no one else has access to them and delete all other copies) at the request of the police only;
- Report concerns, as appropriate to parents and carers.

If made aware that a member of staff is in possession of indecent images of children on School devices, the School will:

- Ensure that the Headmaster is informed;
- Inform the Local Authority Designated Officer (LADO) and other relevant organisations in accordance with the schools managing allegations policy;
- Quarantine any devices and prevent access to and deletion of data until police advice has been sought.

11.4 Cyberbullying

- Cyberbullying, along with all other forms of bullying, will not be tolerated at Sutton Valence School;
- Full details of how the School will respond to cyberbullying are set out in the Anti-bullying policy.

11.5 Online Hate

- Online hate content, directed towards or posted by, specific members of the community will not be tolerated at Sutton Valence School and will be responded to in line with existing School policies, including Anti-bullying and Behaviour;
- All members of the community will be advised to report online hate in accordance with relevant School policies and procedures;
- The Police will be contacted if a criminal offence is suspected;
- If the School is unclear on how to respond, or whether a criminal offence has been committed, the relevant Designated Safeguarding Lead may obtain advice through the Education Safeguarding Team and/or Kent Police.

11.6 Online Radicalisation and Extremism

- The School will take all reasonable precautions to ensure that children are safe from terrorist and extremist material when accessing the internet in School;
- If the School is concerned that a child or parent/carer may be at risk of radicalisation online, the relevant Designated Safeguarding Lead will be informed immediately and action will be taken in line with the Safeguarding Policy;
- If the School is concerned that a member of staff may be at risk of radicalisation online, the Headmaster / Heads of School will be informed immediately and action will be taken in line with the Safeguarding Policy.
